Healthy is the New Tan

Save 20% on SPF 30 Moisturizers

Nothing helps guard skin from the signs of aging more than sun protection. Clients love our sunscreens. All offer broad-spectrum protection (UVA and UVB rays). All have antioxidants to enhance protection plus botanicals and vitamins to help skin stay healthy. Plus, you can save up to 25% on Skin Blends SPF's this month. Purchase any SPF and receive 10% off OR buy 3 of the same SPF 30 and you'll get one FREE! Be sure to mention promo code "Sun Protection Factor" when ordering.

SPF 30 Cream (paraben free)

White with a creamy consistency. It is perfect for normal to dry skin types. It has wonderful moisturizing ingredients such as aloe vera, safflower oil, and shea butter. It also has allantoin, chamomile, cucumber white tea, and green tea. Active ingredients: octyl methoxycinnamate, benzophenone-3, zinc oxide, and titanium dioxide. 32 oz. - \$160, 2 oz. - \$24 (SRP \$48+).

SPF 30 Lotion

White and has a nice, lightweight consistency. This sunscreen was formulated for people with combination skin and is the best choice for people with rosacea. It has green tea and rosemary extracts. Active ingredients: octyl methoxycinnamate, benzophenone-3, and octyl salicylate. 32 oz. - \$120, 2 oz. - \$18 (SRP \$36+).

SPF 30 Gel (paraben free)

Has a french vanilla color with an interesting consistency; it feels like a cream but glides on like a rich gel. After application, the gel totally absorbs into the skin and leaves skin feeling like it has nothing on it, but there are microsponges in the gel that will absorb oil all day long. People with darker skin love this sunscreen because there is no titanium dioxide or zinc oxide to make their skin look "ashy." Active ingredients: octylmethoxycinnamate, octyl salicylate, benzophenone-3, and avobenzone. 32 oz. - \$160, 2 oz. - \$24 (SRP \$48+).

Don't forget about our "Healthy is the new Tan" t-shirt!
