Save 20% on Body Blends, Retail & Promo Accessories

Too often people neglect the skin on their bodies. After using Body Blends, you'll notice a big difference in the way your skin looks and feels. Keep Self Massaging Exfoliating Gloves in the shower and use with Body Shampoo. You'll love what these gloves do for your skin, and since you can launder and reuse the gloves like a wash cloth, you'll love what they do for your budget.

Body Moist - Your skin completely absorbs this light but rich lotion, leaving skin feeling super-hydrated and moisturized. Body Moist contains jojoba oil, kukui nut oil, panthenol, royal jelly, and shea butter as well as Vitamins A through E and beautifying botanicals.

Also available in designer options: Blissful Body Lotion & Peachy Apple Body Lotion.

Body Shampoo - This gentle cleansing gel contains beautifying botanical extracts such as bee propolis, chamomile, cucumber, marshmallow, and wild thyme. Body Shampoo leaves skin feeling soft and clean but never stripped. A little Body Shampoo goes a long way!

Also available in designer options: Berry Burst Body Wash & Sunshine Body Wash.

Body Smoother - This is a wonderful exfoliating treatment for the skin. We've created a silky, moisturizing formula with gentle but effective beads that let Body Smoother properly exfoliate dead, dry skin cells. Our exfoliator leaves your skin looking and feeling softer and smoother. To further enhance your exfoliating experience, add your favorite aroma and color.

Also available in designer options: Sugar Cookie Body Smoother & Beautiful Body Scrub.

Body Lipids - This wonderful blend of lipids has high levels of essential fatty acids (EFAs) to nourish your skin. Skin that lacks EFAs has less elasticity and more lines, roughness, and scaliness. Body Lipids protects your skin from the elements and transepidermal water loss (TEWL) - the moisture that evaporates from your unprotected skin. Moisture-rich skin functions better, looks softer, and feels smoother, so body Lipids contains crucial moisturizing oils: grapeseed, safflower, and sunflower.

Also available in designer options: Comforting Body Oil & Tropical Babe Oil.

Add your favorite aroma and color to further enhance any Body Blend experience!

Body Get Acquainted Packages (GAPs) are included in this sale too!
